# **Master Syllabus**

### CAT 1161 - Introduction to Civil & Architectural Technology

**Division:** Science, Mathematics and Engineering **Department:** Civil Engineering Technology

Credit Hour Total: 2.0 Lecture Hrs: 1.0 Lab Hrs: 2.0

Date Revised: May 2013

# **Course Description:**

An introduction to career fields of Architecture and Civil Engineering Technology. Equivalent to Project Lead the Way CEA. One classroom, two lab hours per week.

#### **General Education Outcomes:**

□ Critical Thinking/Problem Solving Competency

## **Course Outcomes:**

#### **Careers**

Describe careers in architecture, civil engineering and construction management technology.

Assessment Method: Locally developed exams Performance Criteria:

renormance criteria.

Passing with 70% score or better.

### **Planning Concepts**

Apply basic project planning concepts.

Assessment Method: Locally developed exams

**Performance Criteria:** 

Passing with 70% score or better.

#### **Principles**

Demonstrate principles of architecture, site design, structural engineering and project management.

Assessment Method: Locally developed exams Performance Criteria:

Passing with 70% score or better.

#### **Outline:**

Introduction and concept mapping

Bubble diagrams and floor plans

Architectural styles

Soil mechanics

Mechanical systems

Plumbing systems

Structural analysis

Surveying

Midterm

Energy systems

Major project
