

Master Syllabus

PTA 1124 - Clinical Procedures I

Division: Health Sciences

Department:

Credit Hour Total: 3.0

Lecture Hrs: 1.0 **Lab Hrs:** 6.0

Prerequisite(s): PTA 1116

Other Prerequisite(s): AND Restricted to Majors

Date Revised: April 2013

Course Description:

Physiology and clinical rationale for use and application of passive and mechanical physical agents, with emphasis on safe application of the treatment intervention following the plan of care and documentation of progress toward treatment goals. One classroom, six lab hours per week.

General Education Outcomes:

- ▣ Critical Thinking/Problem Solving Competency
- ▣ Oral Communication Competency
- ▣ Values/Citizenship/Community Competency
- ▣ Written Communication Competency

Course Outcomes:

Physiological response

Define physiologic response and use to thermal, athermal and electrical modalities.

Assessment Method: Locally developed exams

Performance Criteria:

Pass with 77% or better

Assessment Method: Performance appraisals

Performance Criteria:

Complete 100% of skill competencies

Assessment Method: Simulations

Performance Criteria:

Pass lab practicals with 77% or better

Patient education

Demonstrate ability to provide patient and caregiver instruction and education to assure safe and effective delivery of treatment interventions.

Assessment Method: Performance appraisals

Performance Criteria:

Complete 100% of skill competencies

Assessment Method: Simulations

Performance Criteria:

Pass lab practical with 77% or better

Documentation

Provide accurate and legible documentation of patient interventions and response to treatment.

Assessment Method: Written surveys and/or questionnaires

Performance Criteria:

Pass documentation with 77% or better

Equipment maintenance

Provide safe and appropriate application of clinical equipment during treatment interventions with understanding of care and maintenance in the clinical environment.

Assessment Method: Performance appraisals

Performance Criteria:

Complete 100% of skill competencies

Assessment Method: Simulations

Performance Criteria:

Pass lab practicals with 77%

Passive modalities

Provide safe and effective application of passive modalities with attention to indications, contraindications and physiological response.

Assessment Method: Locally developed exams
Performance Criteria:

Pass with 77% or better

Assessment Method: Performance appraisals
Performance Criteria:

Pass 100% of lab skill competencies

Outline:

Passive modalities application
Physiological response to thermal, athermal and electrical modalities
Documentation
Patient and caregiver education across the lifespan
Care and maintenance of clinical equipment
